# BABY HARDTANK

## COUNTERTOP

SOLUTION FOR FAST COLD BREW PRODUCTION.

The Hard Beans team has invented a revolutionary technology that reduced production time from 16-24 hours to only 45 minutes!

- **Design** - compact countertop device
- **Efficient** - produce around 4.5 litres of cold brew in less than 45 minutes
- **High quality beverages** - you can easily achieve your preferred extraction level
- **Easy to dial in** - stainless steel basket lets you control your recipe for cold brew tea, coffee, cascara, infused spirits and much more
- **Hygienic** - automated cleaning system makes sure that there is no risk of contamination.

# BABY HARDTANK

## COUNTERTOP

Maceration and percolation, combined with a stainless steel double filtration system ensure a clear, non-oxidised cold brew free of bitter and astringent particles.

### KEY FEATURES

- Transparent extraction chamber
- Stainless steel basket
- Touch screen controls
- Water connectors: 1 x water in (tap or filtered) and 1 x water out
- Dispensing system - transfer cold brew straight to your keg
- Automated washing cycle
- Integrated phone app for full control of the device, online tracking of your recipes, statistics and notifications.
